Hi Catherine,

Hope the Thanksgiving Holiday Weekend was great.

Did we get the funding request for Runyon scheduled for the December Meeting, and if so, please let me know the date and if we should attend?

Thanks,

Don

Subject: CD4 Funding

Hi Catherine,

Great seeing you on Thursday and David and you on Saturday – truly a busy week. And thank David for his advice on our park plans.

Per our discussion, enclosed is the Letter requesting \$20,000 in discretionary funding. In addition we now have the Runyon Canyon Visionary Plan completed and FORC is anxious to start 2016 by implementing critical elements of the plan. Our near term plans include desperately needed Trail Markers and other Park Signage, additional Farm Fencing to prevent rogue off-trail hiking, and Erosion Control for this very popular park with over 1.8M visits per year.

Please confirm that this item is on the early December 2015 Agenda for the Committee's next review of discretionary funding. As we discussed, we will be happy to support this meeting as necessary based on your advice.

Thanks and hope you had some weekend left after your busy Saturday.

Don
